For more Ethics and Sustainability in Business

“IF YOU WANT TO BUILD A SHIP, DON’T DRUM UP THE MEN TO GATHER WOOD, DIVIDE THE WORK, AND GIVE ORDERS. INSTEAD, TEACH THEM TO YEARN FOR THE VAST AND ENDLESS SEA.”

Antoine de Saint-Exupérie

Do you, like us, long for a globally ethical economy with thriving people who serve the good of the whole? Then we cordially invite you to join us in launching the newly founded [SunHeart Switzerland AG](#) and expanding the first Swiss business network for ethical and sustainable small businesses – [SunHeart Business Leaders](#) – worldwide.

In a nine- to twelve-month traineeship, we offer ambitious people – future Business Leaders – the opportunity to learn '**management of the future – business in harmony with nature**' in theory and practice ... and to experience that entrepreneurial success and a reasonable profit are a natural consequence of making a positive impact in the world.

You will get to know the life of an entrepreneur from scratch in a protected setting, contribute your ideas to strategic planning, be involved in setting goals and actively work together with us to achieve them. After successful induction, you will assume responsibility for individual tasks (e.g. marketing, social media marketing, branding, administration, event management, content management, etc.) and are involved in the success right from the start.

### Have we aroused your interest?

Then we look forward to **receiving your application video**. Tell us in a maximum of three minutes about yourself and your dreams, what is particularly important to you in life and at work, and why you want to make this world a little better together with us. We will then discuss everything else in person.

We look forward to hearing from you!
